About our panel members...

Farrah Dina Yusop

University of Malaya

MALAYSIA

Farrah Dina Yusop is the Director of the University of Malaya's Academic Enhancement and Leadership Development Centre (ADeC), a center dedicated to enhance the professional development of the University's academic staffs. Under the #UMTeachOnline program, the Centre is actively administering various activities to assist UM academics in online teaching and learning. She holds a PhD in two fields: Curriculum and Instructional Technology (CIT) and Human Computer Interaction (HCI) from Iowa State University, USA.

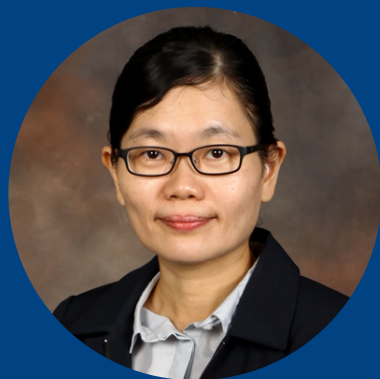

Dr. Farrah is an active scholar-researcher-practitioner in the areas of higher education, Web 2.0, social media, educational games and mobile learning. She is interested in the design and development of technology-enhanced teaching and learning solutions to improve people's personal and professional development.

About our panel members...

Chen Chwen Jen

Universiti Malaysia Sarawak

MALAYSIA

Chen Chwen Jen is a Professor in Learning Technology attached to the Faculty of Cognitive Sciences and Human Development at Universiti Malaysia Sarawak (UNIMAS). Currently, she also serves as the Senior Director of the Centre for Applied Learning and Multimedia (CALM) in the university. As the Senior Director of CALM, she spearheads the use of various learning technologies in the university teaching, takes charge of the faculty development programmes related to teaching delivery and works closely with other academics to advance the teaching and learning practices of the university.

She received her M.Sc. in Computer Graphics and Virtual Environments from The University of Hull, U.K. and was awarded a Ph.D. in Instructional Design and Technology from Universiti Sains Malaysia in 2006. Much of her research and publication work is devoted to areas such as learning design, development of technology-based learning environments, usability issues in learning environments and emerging learning technologies.
